

SureCut™ Die Size Guide

TY - Tiny
 Design: Approx. 1" - 1 1/2"
 Block: 4 7/8" x 5 7/8"

SM - Small
 Design: Approx. 3"
 Block: 4 7/8" x 5 7/8"

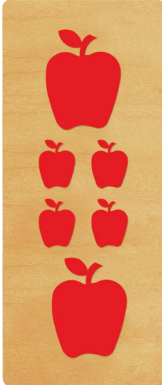

LG - Large
 Design: Approx. 5"
 Block: 4 7/8" x 5 7/8"

What is a SureCut Die?

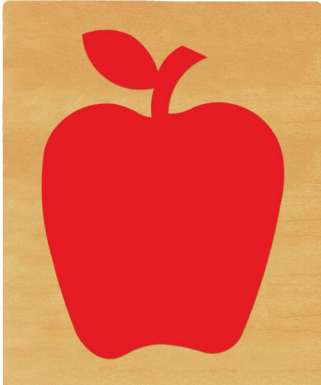

Made from genuine birch, each SureCut Die features the finest quality, laser-accurate, steel rule, which is precisely placed in each die block to ensure cutting precision. The rule in the die does the cutting. The rubber around the rule helps to eject the material that has been cut. This results in a perfect die-cut every time.

Design vs. Block

Five types of die blocks are used for the shapes shown in this section, with noted differences between die designs and block sizes.

DC - Double Cut
 Design: Size Varies
 Block: 4 7/8" x 11 3/4"

XL - Extra Large
 Design: Approx. 8" - 10"
 Block: 9 3/4" x 11 3/4"

See for yourself the wide range of materials that the SuperStar™ Excel and Prestige® Pro machines can cut:

- | | | |
|-------------------------------|--------------------------------------|----------------------------|
| Aluminum .016" | Fabric | Poster Board |
| Balsa Wood 3/32" | Fabric, Iron-On | Quilt Batting |
| Brass .005" | Felt | Rubber, Self-Adhesive |
| Bubble Wrap | Felt, Self-Adhesive | Sandpaper, Fine 00* |
| Butcher Paper | Holographic Paper | Sheet Foam 1/8" |
| Cardboard | Gift Wrap | Shelf Paper, Self-Adhesive |
| Cardstock | Leather | Sponge, Pop-Up |
| Chipboard | Magnet, Flexible Sheets | Tag Board/Cover Stock |
| Construction Paper | Magnet, Self-Adhesive | Tin .008" |
| Construction Paper, Laminated | Mat Board | Tissue, Laminated |
| Cork, Self-Adhesive 1/8" | Metallic Foil Board | Vellum |
| Corrugated Paper | Personalized Embossing Plastic (PEP) | Vinyl, Static Cling |
| Decorator Foils | Plastic, Shrink Film | Wallpaper |
| Embossing Rubber | Poly Foam | |

*Limit usage, can wear rule on die
