

1. Die-cut 7 times from cardstock

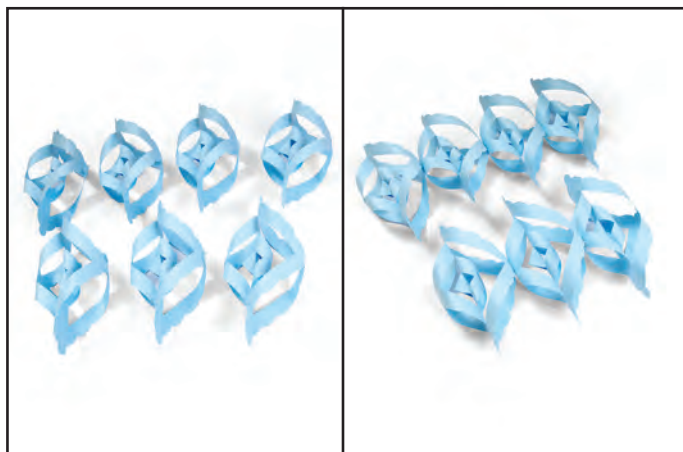

2. Adhere the two center-most triangular tabs together.

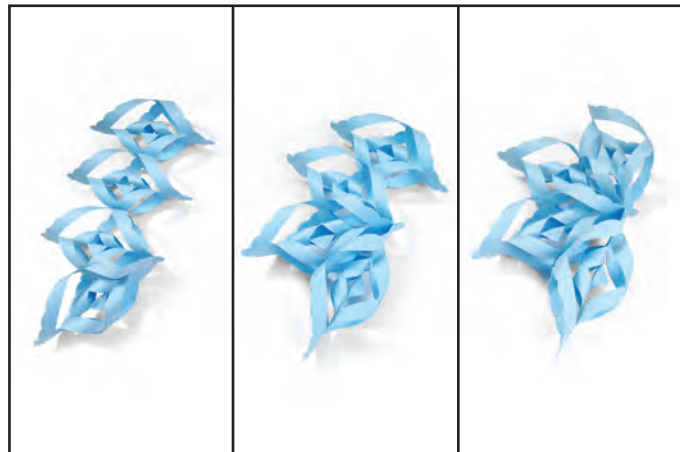

3. Flip the piece over and use a pen or pencil to give the second set of triangles a soft bend. Adhere them together as shown.

4. Continue the previous step, flipping the piece over each time until the section is completed.

5. Once all of the pieces have been formed, glue them together, side to side so that they are all facing the same direction. Create a group of four and a group of three as shown.

6. Adhere the round end pieces of each group together one at a time as shown.

7. Combine the two groups together, overlapping the center circles as far as possible

8. Adhere the sides of the two groups together.
