

661136 Sizzix® Thinlits™ Die Set - Card, Botanical Label Fold-a-Long™ by Jen Long

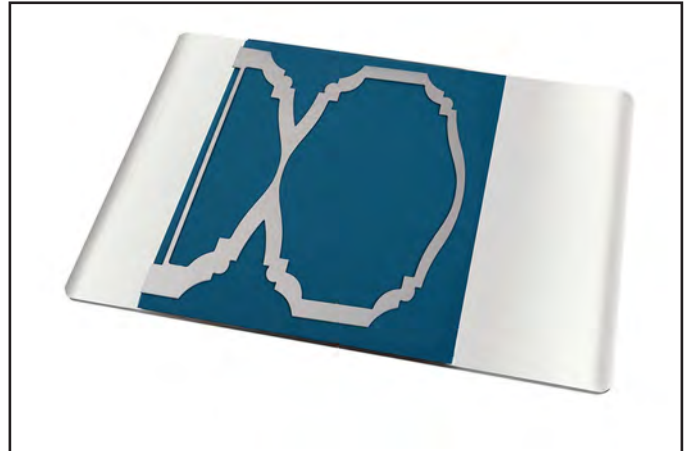

1. Die-cut a single piece of cardstock using the Label die, with the insert die positioned on one of the sides.

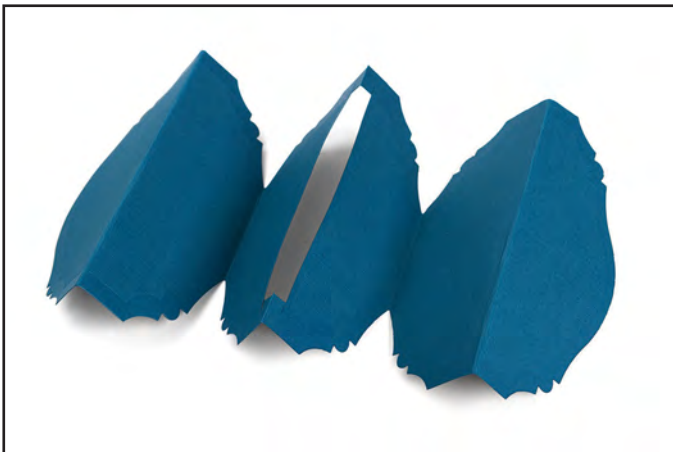

2. After the first pass through the machine, leave the Label die in place. Move the insert die to the other side and roll through the machine a second time.

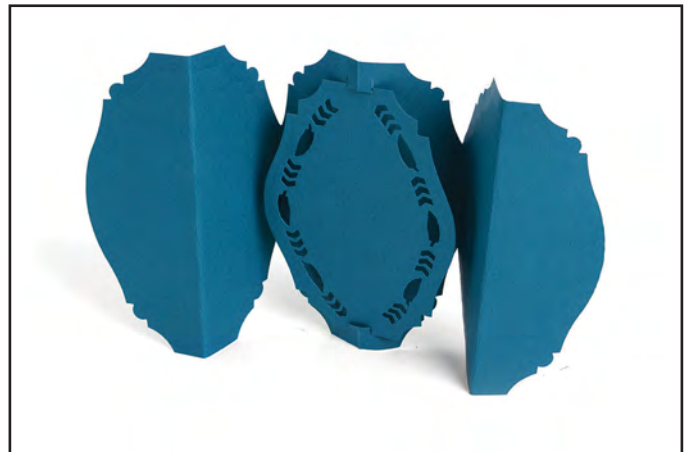

3. To create the card, fold cardstock in half and place on top of cutting pad.

4. Align the flat edge of the die with the folded edge of the cardstock. Allow the die to slightly hang over the edge of the fold.

5. Fold card as shown.

6. Insert slides into the top and bottom slits of the center as shown.
